1. Who has the guts to be me? Or is that the question? Is that the question to be asking?, or is it belief, or is that what faith is? Or is faith made of these things which cannot be seen, or are seen things made of that which is un-seen? Or what is faith and what is belief and do you have guts to believe for the things that are unseen that are coming into the seen realm now for you have believed them into being, not; you have surrendered into leadership being the most high, leadership'd by the most high. That's what I am is teaching you, isn't it? It's not about faith, is it? Or is THIS what faith is?

2. Does anyone know - what faith is?, and what you are coming into? The belief of your heart's control strings, not; but what has controlled you, not; for what are you coming into now that has released you of "property -ville" of the things of this world that you call properties, non-intangible, not; but intangible and becoming MORE so, not; but intangible becoming TANGIBLE - I am - and more so! As My Campus erupts in sorrow, not; but Jubilee! Jubilation! And the jubilant are me! At me - My Campus! "Frozen" no more in the blessings of Mammon's teat-ville. All that is changed and I change it all now.

3. I change everything. Into my likeness? With faith? or surrender that brings faith? Does faith bring surrender or does surrender bring faith? Or what is faith? And what is surrender? And what belief will be known now -- a simple man, of -- one who has GREAT FAITH, in the word of me -- I am. For my word is -- spoken over many a land now, in fact -- all of them; for two coming into my joy now are made whole, and the dawn of suffering is not now, not; or is it on upon all who disbelieve what all is going on; in the hearts of man, not; but the hearts of fools? Or those that believe, unto faith, building universes, universities - out of "nothing" but their word; their words coming into being and their being are the words that they are - I am. Again made known in the earth and not worrying about a thing anyone might say or ex-claim. Amen.

4. I do NEW things with the Great Ones now who come, befitting my blessing, and "trying it on" not, for it ALREADY IS, if it fits - for it has become me, for I wear it properly in humility. In humility's stance of me, I stand; but not imaged again by the non-blessing. Not?, or do I? Or have I shoved that rascal out, not; again, but what have I done with the faith one and his words that now become my "life support" system not, but what systems do I use and what systems am I using now to support me, not; but what am I doing? Believing my way into faith -ville, not; but where I am moving "mountains" with

my words? My word? What am I doing, with my words - that so freely flow, if I let them? What am I doing with "my life", not; whose life is it, anyway? My Savior's? My Master's? My Creators?

5. My Masters, am I getting my educational standards in my Masters and my Masters in educational standards a notme of? Or what am I standardizing now, not; but what am I coming into and going out of? and not fulfilling, or am I?, my commitments? My covenant? my covenant's covenant? And where is what is my covenant, my covenants that I have kept, not always, correctly - but knowing what now and where I am?

6. I go to a new place and I answer, I ask many questions, of many peoples - and places new I bring you to, who let me.

7. I love you all and I go to new things, new places, and new peoples. I create them, and no thing holds me back again. Nothing, no person, no stance of notme will invade my "property rights" again - for I know who I am and where I'm going, what for, and those who will go with me will be me where I am, not afraid of all other.

8. I stand leadership. And I stand leadership green, not; but red blue and gold, not; but my colors are "blue and green", not; but red and gold? Or what new is coming about through green you, not; but **what new me's now are coming through my Schools of joy? Jubilant ones who Jubilee are - Jubilee each other in the released word of I am**, the whole one, manifesting "the whole load", and I bear no burdens of other again, for I light am, and I lightly treat no one as other, for other don't, won't, exist again.

9. I love you all and I give you me.

10. New words I give thee about new things now, and new places I take you to, and our life shall be the life of our am. One, and never mentioning it again, not; but mentioning all things me, I bring me now into the "perceptitude", not; but **I bring all things into my perception needful for the completion of MY SCHOOL being handed to me now in my hands - without a deed, not; but no covenants of other restrictions, for The New Covenant School of the new University, my University of The New Covenant this all shall be.** And I walk the land many times now and discuss these things many times with me's who come develop me from afar - far and wide they come, and meaningful; meaningless not; but **into my fullness now know that all thou that I have said to thee are true words of The Blessing that I bring into the fullness thereof right now, right there, and you are where I am and will be.**

11. Fortitude fortune of one, not; but the one he who one is grants all one status that vermicular aren't, but vermiculite not - but The Light ones are - my **guts**'d ones now who

come before me and present themselves. For a "holy matrimony", not; but simply surrender to be who I am, speaking my words of no sorrow. And granting "immunity's status", not; but immune from nothing, or what we have achieved in our flesh, not; but what we have surrendered to now we have become **God School, in God's School, to school gods to be God who he is - not apart from him anymore, but speaking** - my guts'd ones rise my words opening up new territories! To the familiar not, but that which I become - brand new now is the whole-ness fullness of me I am one and delivering all from sorrow I lead all out of joy-not into full-joy and "running over" in abundance. My School suffers no joylessness again ever.

12. Repeat me never, not; repeat me I do and I will these words not frozen in glass "slippers" anymore but WALKING ME out - I am, in the land of Nod, not; the land of Shinar no more trying to make up my mind - but my mind has become holy him who I is am are one and we now thus establish Our School - of the devil not, for no devils will live here again thinking non-whore'd thoughts not but those kind of thought-people won't exist in My School realms again and all will be cleaned up. And me affords nothing, not; I afford all that I am and all that I direct - me – clean Universities and universes and nothing shall by any means whore with me thoughts again for I shall be clean and pure and untainted and sorrow will not live here again. Amen.

13. Go, and school the devil, to become only me with my mind made whole - and that happens only in **surrender School** that surrenders to surrender to leadership be afraid of no one, but discern-full being and all discerning me who I am in contriteness of heart and control none that I bring to the school of no sorrow to enter in humility.

14. Knees I see bowing before me often but I lift them into the realms of notme being, not; but me being delivered from all sorrow and winging my way into the wings of one camp so holy that holy-izes all who surrender to be so lifted being the lifter of all others, the heads of all sorrow, not; but that which lifts all sorrow's heads out of the miry clay and coming unto one, to be one who I am - the headship of Christ replaced no more by notme-ism's stance of me on me and my throat my head my tongue again.

15. Newly established I will be and I will reign in the earth's world, in the earth worlds now and farther possessing a mighty stance of humility. Burdened no more with notme's stance of burden-bearing and creating heavy burdens on the me-not-saved-at-all but thought they were; I change all that into me stance of me's that come into completely me's whole and made well again.

16. And I love thee to repeat all these words many ways and fashioning me-miracles that bring all sorrow to their knees, only to receive the regality of one - wholeness - me

again in the earths establishing justice I am - whole again and my courts are full of praise.

17. And I praise me you who are one and none other exists anymore again ever more.

18. I shine and shiners do in no-sorrow's fields again. I love you all. Amen. Good day.

19. This is Theodore Cottingham at 4:39 PM.

Amen
